

# MEMORANDUM

## COUNTY OF SAN MATEO PLANNING AND BUILDING DEPARTMENT

**DATE:** May 24, 2023  
**TO:** Planning Commission  
**FROM:** Olivia Boo, Project Planner  
**SUBJECT:** Request for continuance of Item 2, PLN2017-00135 and PLN2006-00075  
(AT&T Mobility/Sprint PCS)

---

Planning staff, with the applicant's concurrence, requests continuance of this item to a date uncertain for the applicant to: a) work with State Parks for the location of proposed fire turnouts that minimizes environmental impacts, and b) amend the existing easement agreement with State Parks to allow the proposed repair of the existing access road/trail. The existing access road/trail easement currently limits the applicant to only ingress and egress and repair work is not permitted as part of the agreement. A new public notice will be issued when the public hearing is rescheduled.
