Hi All!

Christen here. We are removing all contingencies today so the pressure is really on to get this finalized. I just want to confirm that we are only waiting on planning (invoice paid) and public works (the street cleaned up & fabric removed from grate) to be signed off. I sent the one item we needed for the building inspection last night. Public works is going out Monday. Hoping to have this done and done on Monday.

Please let me know if I am missing anything and/or you need anything else from us!

Thank you all so much for your help!

Christen
