Hi Glen,

This is the only communication that I received for my item.

Thanks!
Regards,
Sonal Aggarwal

Dear Sonal Aggarwal,

We live at 430 Ferdinand Ave in El Granada, and have seen the posted plans for the home to be built on the lot beside us. From the plans, unless we are misreading them, there seems to be some discrepancy about how close the building will be to our property line. According to the front view, the home seems to be 10' from our property line, but according to the back view, it is only 5' from the property line. Please see attached photos for reference. We were wondering which was correct?

Thank you for your time.

Regards,
Karen and Doug James
