Hi Melissa,

Yes I received the route. Please note that the truck route was already approved by DPW. See attached. Yes, Planning and Building staff are working remotely, but I am technically off this week but checking email periodically.

Please see link below regarding how to access our Department during this time:

Thanks

Dear Camille,

I hope this finds you and your family well.

We are checking on the status of the next permits for Highlands.

For Lot 11 - We sent you the distance from the Highlands to the dump. Have you received it?

More generally, is the Planning Department still working through the Shelter in Place order?

Many thanks,

Melissa Leet and Jack Chamberlain
