Hi Camille,

I conducted my weekly site inspection at Highland Estates yesterday. There wasn't anybody onsite while I was there, however I did receive a call from Bob this afternoon to let me know that he is back from vacation. The site looks the same as it did last week, as there hasn't been any external construction. The silt fence on Lot 11 is in need of repair prior to the start of grading, which I will discuss with Bob.

Hope you have a great weekend!
